NOW, THEREFORE, BE IT RESOLVED that the subject application is **APPROVED** with the following limitations:

1. This approval is granted to the applicant only, The Church for All Nations, Inc., and is not transferable without further action of this Board, and is for the location (8529 Amanda Place, 8526 Amanda Place and 8506 Amanda Place) indicated on the application and is not transferable to other land.
2. This special permit is granted only for the purpose(s), structure(s) and/or use(s) indicated on the special permit amendment plat titled "Special Permit Plat, Fairfax County SPA 2009-0221, The Church For All Nations," prepared by Larry D. Caruthers, Professional Engineer, dated June 2, 2014 and approved with this application as qualified by these development conditions.

3. A copy of this special permit and the Non-Residential Use Permit (Non-RUP) SHALL BE POSTED in a conspicuous place on the property of the use and be made available to all departments of the County of Fairfax during the hours of operation of the permitted use.
4. This special permit is subject to the provisions of Article 17, Site Plans, as may be determined by the Director, Department of Public Works and Environmental Services (DPWES). Any plan submitted pursuant to this special permit shall be in substantial conformance with the approved special permit amendment (SPA) plat and these development conditions. Minor modifications to the approved special permit may be permitted pursuant to Par. 4 of Sect. 8-004 of the Zoning Ordinance.
5. The maximum number of seats in the main area of worship shall not exceed 500.
6. 169 parking spaces shall be provided as shown on the special permit plat. Overflow parking shall be provided at the Thoreau Intermediate School so long as the applicant obtains and maintains a valid agreement with the appropriate County agency. All other parking shall be on-site. There shall be no parking on Amanda Place. If after diligent efforts, a valid parking agreement with Thoreau Intermediate School cannot be obtained or maintained, a site plan shall be submitted to DPWES for approval to construct a minimum of 50 parking spaces in that area identified on the SPA Plat as "Possible Future Parking." All new parking lots shall be constructed, screened by landscaping and/or barriers, and maintained in accordance with provisions of the Zoning Ordinance and the Public Facilities Manual (PFM).
7. All interior and peripheral landscaping for the parking lot(s) shall be provided in accordance with Article 13. The landscaping shall be maintained in a healthy condition and dead and/or dying plant materials replaced. Prior to the issuance of the new Non-RUP, Urban Forest Management shall inspect the site and shall require replacement and/or new vegetation to meet the intent of the parking lot landscaping requirements.
8. Transitional Screening shall be modified along all lot lines, as shown on the SPA Plat. The landscaping shall be maintained in a healthy condition and dead and/or dying materials replaced. Prior to the issuance of the new Non-RUP, Urban Forest Management shall inspect the site and shall require replacement and/or new vegetation to meet the intent of Transitional Screening requirements.
9. The barrier requirement shall be waived on all lot lines.
10. Except as required by Conditions 6, 11 and 12, there shall be no land disturbance associated with this application.

11. The stormwater management facilities shall be properly maintained on this site. In addition to the existing stormwater management facilities as shown on the SPA Plat, a stormwater management facility shall be installed between the Church building and the multi-use building, north of the existing concrete walk and in proximity to the northern property line shared with Thoreau Intermediate School. Said facility may consist of a rain garden, an infiltration trench, a combination thereof, or other type of facilities as reviewed and approved by DPWES. In order to assure that the trees in the area adjacent to the new facility will be minimally impacted, prior to installation of any facility; the plans shall be reviewed and approved by Urban Forestry Management (UFM). The facility shall be designed to accommodate undetained runoff from Thoreau Intermediate School so that there is no net increase in the 10-year pipe flow at Structure M-2 located in Bowling Green Drive, adjacent to Lot 11, Dunn Loring Woods, Section One, Block N, as calculated using current methodologies. Said facility shall be installed prior to installation of Phase 1 sedimentation controls associated with development of property identified among the Fairfax County tax assessment records as 49-1 ((1)) 35A.
12. The existing outdoor playground shall be improved as shown on the special permit plat and as described in the applicant's Statement of Justification. The number of children using the playground shall not exceed 37 at any one time.
13. If the shed on Parcel 38A is removed for any reason, it may be replaced provided that minimum required yards are met and it is located outside any required planting areas.
14. There shall be a minimum of 45 minutes between the end of one worship service and the start of the next worship service.
15. The multi-use building shall not be used for services or other activities that coincide with services in the sanctuary, other than Sunday School, adult Bible Study, children's services and English Ministries (youth outreach/bible study in English), to ensure that the parking needs are met during the peak operating hours of the place of worship, which is the principal use on the property. With the exception of a "crying room" for parents and infants, worship services held in the main sanctuary shall not be simultaneously broadcast to other rooms or buildings.
16. Any new parking lot lighting installed shall be in accordance with the outdoor lighting standards as set forth in Sect. 14-900 of the Zoning Ordinance. The proposed parking lot light fixtures shall be fully shielded and International Dark Sky (IDA) approved. Exclusive of security lighting, all outdoor lighting shall be turned off within half hour of the end of any nighttime meetings and/or services. Motion detectors may be installed on parking lot and security lighting as a security measure.
17. The maximum number of enrollees for the adult day care shall be 99.

18. The maximum number of enrollees for the child day care shall be 46 children; however, enrollment may increase to a maximum of 72 children in the event that day care-provided school bus or passenger van service is provided to transport each child above the 46 maximum.
19. Transportation of all enrollees shall be provided in accordance with state law.
20. Operating hours of the adult day care shall be from 7:00am to 2:15pm, Monday through Friday.
21. The child day care shall operate Monday through Friday with operating hours as follows:
 - 7:30am to 8:30am for before school care program of a maximum of 15 children, with extended hours for staff;

23. The passenger vans used by the adult day care shall be limited to a maximum of eight trips to or from the site during the peak morning hour of 7:00am to 8:00am.
24. Within 120 days after approval of the special permit amendment, the applicant shall appoint a transportation coordinator and notify the Fairfax County Department of Transportation (FCDOT) in writing of this appointment. Thereafter, the applicant shall notify FCDOT in writing within 10 days of any change in such appointment. The transportation coordinator will disseminate information to the families of child care center enrollees regarding the stipulation for buses/vans as set forth in Development Condition 18 at the beginning of each new calendar year and to the families of any new child care center enrollees.
25. The applicant shall install a standard CG-12 curb ramp in a location close to the accessible parking spaces in the eastern parking lot.
26. The applicant shall eliminate the two parallel parking spaces located closest to Amanda Place in the eastern driveway.
27. The applicant shall install signs, as necessary, to designate parking for both the adult day care and child care center vans or buses.

These development conditions incorporate and supersede all previous development conditions. This approval, contingent on the above-noted conditions, shall not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. The applicant shall be responsible for obtaining the required Non-Residential Use Permit through established procedures, and this special permit shall not be valid until this has been accomplished.

Pursuant to Sect.8 015 of the Zoning Ordinance, this special permit shall automatically expire, without notice, thirty (30) months after the date of approval unless the use has been established as outlined above. The Board of Zoning Appeals may grant additional time to establish the use if a written request for additional time is filed with the Zoning Administrator prior to the date of expiration of the special permit. The request must specify the amount of additional time requested, the basis for the amount of time requested, and an explanation of why additional time is required.

Mr. Hart seconded the motion, which carried by a vote of 4-0. Mr. Byers and Mr. Smith were not present for the vote. Ms. Theodore was absent from the meeting.
